

## Overview and Conceptual Approach to KRA4 - Monitoring and Results

Ti Le-Huu

Sustainable Development & Water Resources Section  
Environment and Sustainable Development Division  
UNESCAP

## Points of discussion

- ❑ Immediate goal of KRA4
- ❑ Expected outcome at APWS-2007
- ❑ Outputs and activities
- ❑ Implementation strategy: expanding partnership
- ❑ Key milestones

## Immediate goal of KRA4

- Development of effective monitoring tools for regional cooperation in water resources management
- Establishment of a pragmatic programme for the development of an effective monitoring system for implementation beyond 2007 in Asia and the Pacific

## Expected outcome of KRA4

The Asia-Pacific Water Summit adopt a regional strategy on monitoring of investment and results in water sector for regional cooperation aiming at accelerating effective integration of water resources management into the socio-economic development process of countries in the region

## Output 1 & activities

- Output 1: A consolidated report on regional experiences and ongoing efforts on monitoring of water sector performance and results
- Activities:
  - ⊙ Conduct a regional review of financing monitoring efforts in Asia & the Pacific
  - ⊙ Conduct a regional review of policy reforms in the water sector of countries in the region
  - ⊙ Update the results and findings of UNESCAP in the monitoring of water-related targets of MDGs

## Output 2 & activities

- Output 2: A regional report to build consensus in the region on mechanisms and tools for monitoring of investments and results
- Activities:
  - ⊙ To organize a regional workshop to discuss key findings of the three main reviews
  - ⊙ To prepare a workshop report to recommend possible strategies and policies on regional cooperation in monitoring for adoption

## Output 3 & activities

➤ **Output 3:** A regional synthesis on monitoring of water sector performance in Asia and the Pacific (Summary & Report)

➤ **Activities:**

- ⊙ *To prepare a regional synthesis on monitoring of water sector performance in Asia and the Pacific*
- ⊙ *To disseminate the synthesis widely*
- ⊙ *To present the Executive Summary at the Summit*

## Implementation strategy

- **Core elements:** (1) Ongoing efforts of UNDP-ADB-UNESCAP for MDGs, (2) e-Network of FAO-UNESCAP on SPM of water, (3) Regional mandate for UN, (4) existing networks of water partnership
- **Means:** Web-discussion, subregional consultation and researches, regional workshop
- **Partnership:** seeking to add values to collaboration at national, subregional and regional levels

## Major milestones

- ⊙ **Subregional consultation:** March – June 2007
- ⊙ *Regional workshop: June-July 2007 in Bangkok*
- ⊙ **Synthesis report:** September 2007
- ⊙ *Finalization of recommendations: November 2007*

# Thank you
