

KRA-4: MONITORING OF INVESTMENT AND RESULTS

Ti Le-Huu
Environment and
Development Division
UNESCAP

Activities of ESCAP

- ESCAP continued its efforts on monitoring of investment in collaboration with others
- More efforts were devoted to developing tools for monitoring results
- Efforts were also made to develop “water insecurity index”
- One of key areas on monitoring results was identification of “Water Hotspots” for investment and action
- Discussion was made with SEA-GWP to organize a Forum on Monitoring of Investment and Results

Future activities of ESCAP

- Continue efforts on tools development for KRA4
- Continued collaboration with FAO on Monitoring of Investment
- Continued collaboration with FAO on improvement in water resources database (AquaStat), monitoring of results
- Continued discussion to link activities for the ADB Water Week in Oct 2010 with possible SEAWF-4 for KRA4

Thank You
